SUBJECT.

Solicits sanction to an advance of Rupees 2000 for collecting and sowing date seeds in all the Districts during the current year's rainy season.

Submitted Sir,

1- This proposal does not appear to have emanated from Govt:- They shd report their wants in this respect to Districts they are going to introduce & ask they are going to do to carry out the step to a successful issue.

2. The proposal should have come 3 months ago as the Season set in & the Plants selected & set out in the Districts should be prepared ready to sow when seeds were gathered. Why did not the Govt: write to this effect earlier?

3. Report of the result of the Rose experiment has not been sent in

4. A well organized plan of operations should be devised & matured before funds are asked for or granted.
